

# LIME SULFUR ULTRA

HELPING  
ALMOND GROWERS  
DELIVER A KNOCKOUT  
**PUNCH**

## A 3-IN-1 PRODUCT

FUNGICIDE | MITICIDE | INSECTICIDE

California almonds have been the largest user of LIME SULFUR ULTRA the past three years. A cost-effective way to combat everything from San Jose Scale and assorted mites to PTB and Alternaria. With inputs costs at all time highs and lower almond prices, it is nice to know that ORCAL has your back. Never shying away from a fight, LIME SULFUR ULTRA knocks out most listed pests on contact, while leaving your budget standing tall. With rates at 2 quarts to 3 gallons, this isn't your grandpa's lime sulfur. It's OMRI Listed, easy to use and DOES NOT require a closed system. Safe to use in season and during dormancy; start fighting back with one of the hardest hitting materials out there! To learn more about LIME SULFUR ULTRA visit [ORCALinc.com](http://ORCALinc.com) or contact your local Pest Control Advisor.
