

LIME SULFUR ULTRA

BYE BYE BOTRYOSPHERA

So Long Scale

California walnuts have been under attack for too long by two of the biggest bullies around...Botryosphaeria and Scale. These two bullies are about to get an old school beatdown from the new school of LIME SULFUR ULTRA. This 3-in-1 miticide, fungicide and insecticide does not back down from a fight. Delivering a devastating blow without breaking the bank, California walnut growers can now call in the heavy hitter that other tree nut, citrus and grape growers have come to rely on. LIME SULFUR ULTRA is a powerhouse knocking out most listed pests on contact. You don't need a big purse to get this champion in the ring for you. LIME SULFUR ULTRA has proven effective where others have failed and does it all at a fraction of the cost of other programs. To learn more about LIME SULFUR ULTRA, contact your PCA, your local distributor or visit ORCALinc.com. LIME SULFUR ULTRA, saving you money, but more importantly, it works and can be delivered quickly. ORCAL, Inc., offering unique, effective solutions that exceed industry standards.
